

M0 lift table with integrated hydraulics

Ideal for AGV solutions and advanced distribution centers where space is at a premium

Features

The M0 is the smallest hydraulic lift table ever produced, with innovative integrated hydraulics that offer new opportunities for space-saving solutions. The M0 is designed to be easier to install (simply position, plug in, and power up), service, and maintain than any other lift table. Its compactness and versatility make the M0 very easy to integrate into fully automated solutions.

Minimal size offers opportunities for integration across a wide range of new logistics solutions

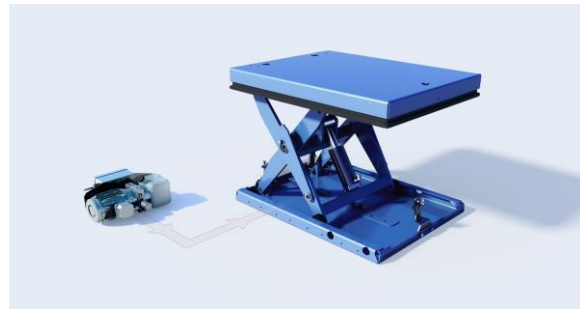

Developed from the popular M0 lift table (external unit) with proven design and reliability

Compliant with all legal requirements, with safety built in

Plug & play installation, with easy access for service engineers

Tech data

Capacity: 500 kg
Stroke: 500 mm
Closed Height: 180 mm
Length: 850 mm
Width: 650 mm
Lifting time: 9 s
Output: 0.65 kW
Power Supply: 400 AC 3~/N/PE
Frequency: 50 Hz
Rated Current: 1.7 A
Control Voltage: 24 V DC
Power Pack Placement: INTERNAL
Protection Class: IP55
Hydraulic Oil: ISO 32
Surface Treatment: Powder coating
Lift Category: 1
Declaration: IIA
